

# Reports

Contents

<b>1</b>	<b>Running a report</b>	<b>1</b>
1.1	Exporting to different formats . . . . .	1
<b>2</b>	<b>Adding new reports</b>	<b>1</b>

OpenBiblio has a very flexible report system.

## **Running a report**

Do it!

## **Exporting to different formats**

It seems like PDF isn't working :-)

## **Adding new reports**

You need access to the server via FTP, RDP, or SSH.
